

Fears Roosevelt's Personality.

General Robert Avery, veteran of the Civil War, member of the Grand Army, one of the leaders of the Loyal Legion, and who has been a militant Republican since he cast his first vote, in 1860, announced a few days ago that he would take the stump in favor of Judge Parker.

Explaining his determination to work for Parker, Gen. Avery said: "My chief reason is the fear of President Roosevelt's personality as a President. I think that a good many older men of the Republican party are opposed to this constant talk of war and the flourishing of the 'big stick' by the present Administration. I do not know Judge Parker."

Roosevelt's statement that the common law, as developed, "affords a complete legal remedy against monopolies" will no doubt meet the approval of Senator Knox, of Pennsylvania. But who has bothered the common law in this connection? It has been just as dead a letter as the statutes.

Teddy does not think he has encroached as an executive. No emperor ever admits that he encroaches.

DEMOCRATIC unity has not been finer in twelve years. The Republicans have not been so unhappy, having the candidate they have. But remember, they will fight desperately to keep in power, and they have the great advantage of being in power.

TALK about rainbow chasing! Here is national committeeman Atkins, of Missouri, telling Mr. Cortelyou that he "has great hopes of carrying Missouri for Roosevelt." The Chairmen from Georgia and Alabama are yet to be heard from.
